Dear Members,

Following is the response that AT&T has given to Councilmember David Ryu's office for the Vermont median project:

Regarding the AT&T work on Vermont Ave., we are upgrading an existing wireless site (pole) adjacent to 2545 N. Vermont Ave. All required permits and approvals were secured prior to the start of construction, including the above ground facilities (AGF) permit, which was appealed, and denied by the Board of Public Works.

Once the vault is complete, we will trench from the median to the southbound curb area to a pole next to a resident's driveway. Finally, we will remove some equipment from the pole and replace pieces of existing equipment. There will be no cell tower in the median area, just the vault and power meter cabinet.

Thank you!

Your LFIA is always at work for you, our valued Los Feliz residents and neighbors! If you haven't already paid your annual dues, please do so
